Communicate with Exchange 2010

New levels of reliability and performance

Communicate better

Now, more than ever, your business needs cost-effective and flexible communication tools. With Microsoft Exchange Server 2010 you can achieve new levels of reliability and performance, help protect your communications, and delight your users by meeting their demands for greater mobility.

Instant email

Email becomes instant with Exchange Server 2010, be it on your desktop using Outlook, or from any web browser through the outstanding Outlook Web Access. Instant email communication extends to your mobile phone too, with synchronised access to your email from most Smart Phones.

Work together

With Exchange Server, you get to share calendars, contacts and can share documents using public folders across desktop, web and mobile platforms. When people work together, your business runs smoother.

Why Hosted Exchange?

Work smarter with Hosted Exchange

Control your costs

Moving your Exchange environment into the Cloud means you get all the advantages of on-site collaboration, whilst reducing the IT overhead of running on-site Exchange or Small Business Server.

Reduce installation costs

By switching to Hosted Exchange, you get better control of your costs reducing the need for expensive hardware installations and ongoing maintenance.

Get more for less

It may cost less to move to Hosted Exchange, but by no means do you sacrifice service quality. The Hosted Exchange environment is super-resilient, is fully managed, and every email is scanned for viruses and spam before it arrives in your inbox.

99.9% Availability

Outstanding service

Depend on us for excellent service and support

Dual hosted

All Hosted Exchange services are dual-hosted. Multilayered systems are located across geographically distributed locations so, in the event of an outage, traffic is switched to a redundant data-centre and services are resumed.

99.9% Availability SLA

Ensuring you get the best service, the Hosted Exchange platform will be available at least 99.9% of the time.

Exceptional Support

We understand how important it is to provide you with support when you need it. You get the back-up of our highly-skilled support team who will help, advise and guide you through the installation and running of your Hosted Exchange services.

Safe and secure

Safeguard your mailboxes

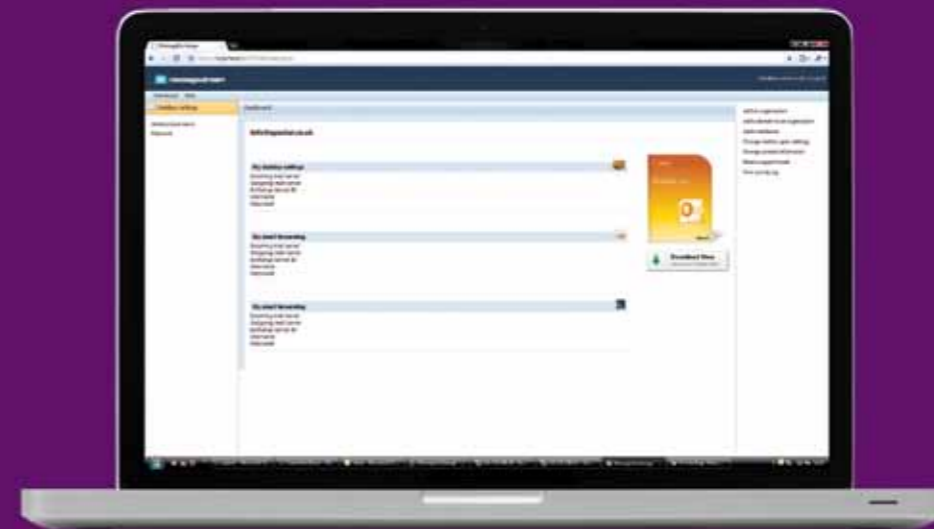

Secure and backed-up service

Industry leading cloud-based security and segmentation ensures your data is safe and secure. Data is also backed-up each day on a 60 day retention period.

Award-winning Anti-Spam and Anti-Virus

All inbound email is first passed through an award-winning Email Security system, providing you with outstanding protection of your mailboxes – as standard.
